LAWS GOVERNING MISSOURI STATE LIBRARY

Section 181.030-181.080

R.S. Mo. 1949

The MISSOURI STATE LIBRARY shall:

1. Furnish library service to public and school libraries, institutions and state departments and to all communities which may propose to establish libraries.
2. Serve as a clearing house on library professional problems, and shall furnish information as to the . . . selection of books, cataloging and other details of library management.
3. Constitute the agency for receiving grants from the United States . . . for public libraries, school libraries, or other types of library service.
4. Receive gifts of money, books or other property which may be used or held in trust.
5. Purchase and operate libraries and circulate such libraries within the state among communities, schools, charitable and penal institutions and other organizations approved by the State Librarian.
6. Publish lists and circulars of information.
7. Conduct schools of library instruction.
8. Collect and present statistics and other information pertaining to libraries.
9. Provide bookmobile service . . . or other types of extension service.
10. Allocate funds from the State Aid to Public Libraries.

HISTORICAL SKETCH OF MISSOURI STATE LIBRARY

The Missouri Library Commission, the forerunner of the present Missouri State Library, was organized in 1907 "to give advice to all schools, free and other public libraries, and to all communities which may propose to establish them," to circulate traveling libraries within the state, and to have charge of the library of the General Assembly.

By provision of a Legislative Act of the Sixty-Third General Assembly in 1946, the name, Missouri Library Commission was changed to Missouri State Library. With the change in name also came a re-definition of the functions of the agency and the State Library was charged with the responsibility of setting up services in four major fields of library activity, public libraries and adult education, school library service, institutional library service and document service.

STATE AID TO PUBLIC LIBRARIES IN MISSOURI

State Aid to public libraries of Missouri is intended to supplement the local incomes of libraries so that a closer approach to at least a minimum quality of library service can be given by each local library.

The first fifty per cent of the State Aid monies is allocated on a per capita basis to all tax-supported libraries which have a one mill library tax, or receive \$1.00 per capita in tax income. The second portion of the grant, forty per cent, is used to equalize the income of those county and regional libraries which have a one mill tax, but receive less than \$1.00 per capita in library tax income. The remaining portion of the grant, ten per cent, is used to encourage the development of library service through establishment grants to newly formed county and regional library units.

SERVICES AND DEPARTMENTS

ADVISORY SERVICES

The public library consultants are the two representatives of the State Library who deal directly with the librarians, library boards, civic and educational leaders of the state in the consideration of their library problems. These extension librarians assist in organizing new libraries, in planning new library buildings and in renovating old quarters, in weeding obsolete books, discussing library service with library boards and interested groups, conducting workshops and preparing suggested buying guides. They are always at the service of any individual or group interested in organizing or improving library service.

REFERENCE AND CIRCULATION

The State Library serves as a public library for approximately 22% of the residents of the state, who live in areas where local public libraries do not exist. Direct service is provided by parcel post, freight and express trucks to individuals, schools, clubs and communities without libraries. Regional, county and municipal libraries supplement their book collections either by direct loans from the State Library, or through an inter-library loan system in which the State Library acts as a clearing house in supplying all missing bibliographical data. Answers to reference questions are provided either by mail or telephone.

Besides books and magazines, the State Library has made available an increasing number of non-book materials. Mounted reproductions of famous art masterpieces and pictures of sculpture are lent to all those who are interested in developing their appreciation of the aesthetic. Phonograph records with the best in classical and semi-classical music on long-playing records are circulated on the same basis as books. Literature and foreign languages are also available on records. Projected books are sent to immobilized bed patients, and documentary filmstrips are furnished to clubs and schools. In the coming years these services will be further expanded to provide for the cultural development and enjoyment of Missouri's citizens.

STATE LIBRARY BOOKMOBILE SERVICE

During the last year, the State Library's two bookmobiles have been used to give a demonstration of regional library service to six of Missouri's counties which do not have county-wide library service. The demonstrations were conducted this year in two regions. The Northwest Missouri Region was composed of Holt, Nodaway and Gentry Counties. The Cape Girardeau Region was made up of Perry, Cape Girardeau and Scott Counties. The bookmobiles make regular stops at all of the schools and other public meeting places in the regions, distributing books, pamphlets, phonograph records, mounted pictures, viewmaster reels and educational motion pictures.

STATE LIBRARY BOOKMOBILE SERVICE (Continued)

Since 1947 the State Library bookmobiles have given a demonstration of library service to 45 counties, with six more counties scheduled for service next year. Several counties have since established their own library service, offering local residents the same facilities that were demonstrated by the State Library for the dissemination of education, information and recreational materials.

AMERICAN HERITAGE PROJECT IN MISSOURI

In 1954-55, the Missouri State Library received its third, and final, grant from the American Library Association American Heritage Project. The fund has been used to supply materials, leadership training, and supervision and counselling to local libraries sponsoring discussion groups on the American Heritage theme.

Of the twenty-four groups sponsored by nineteen libraries in 1954-55, seven were third-year groups, eight second-year, and nine first-year. Topics chosen by the groups for reading and discussion included such subjects as public education, tariff, foreign policy, and citizen responsibility for community welfare.

Tangible benefits of Missouri's three years of participation in the American Heritage Project include:

1. Experience and training of group members, leaders, and librarians in group discussion as a method of informal adult education.
2. A stockpile of books and pamphlets on many aspects of public affairs in quantities sufficient for group use. These materials are kept at the State Library and may be borrowed for group use by libraries or organizations.
3. Group members, as well as trained leaders and librarians, have increased their ability to serve as community leaders.
4. Libraries which have sponsored successful groups have demonstrated the public library's importance as a common meeting ground for people of diverse occupations and viewpoints.

The American Heritage Project was an experiment in a type of human relations necessary in a democracy. Twelve of the libraries which took part in the American Heritage Project will continue to sponsor American Heritage groups. The Missouri State Library has made arrangements to continue to provide leadership training and help in program planning. Help will also be given to libraries which wish to sponsor discussion groups in other subject fields, such as Family Relations.

PUBLIC AND SUBSCRIPTION TYPE LIBRARIES 1954-55

(CAPITAL letters indicate Tax-Supported Libraries. Small letters indicate Non-Tax-Supported Libraries)
(*Member of Missouri Libraries Film Cooperative. → Municipal library contracting for joint service with county library.)
NOTE: Tax rate in mills denotes library tax voted by the people and/or by City Council. Letter "A" indicates local appropriation from tax monies for the library in lieu of or in addition to the voted library tax.

*Does not include four new county libraries for which no statistics are available.

**Several buildings are occupied jointly by both city or county and regional library.

Barry-Lawrence Cooperative Libraries—Cassville headquarters.

Barry-Lawrence Cooperative Libraries—Mt. Vernon headquarters.

Boonslick Regional Library—Sedalia headquarters.

Christian-Stone Regional Library—Galena headquarters.

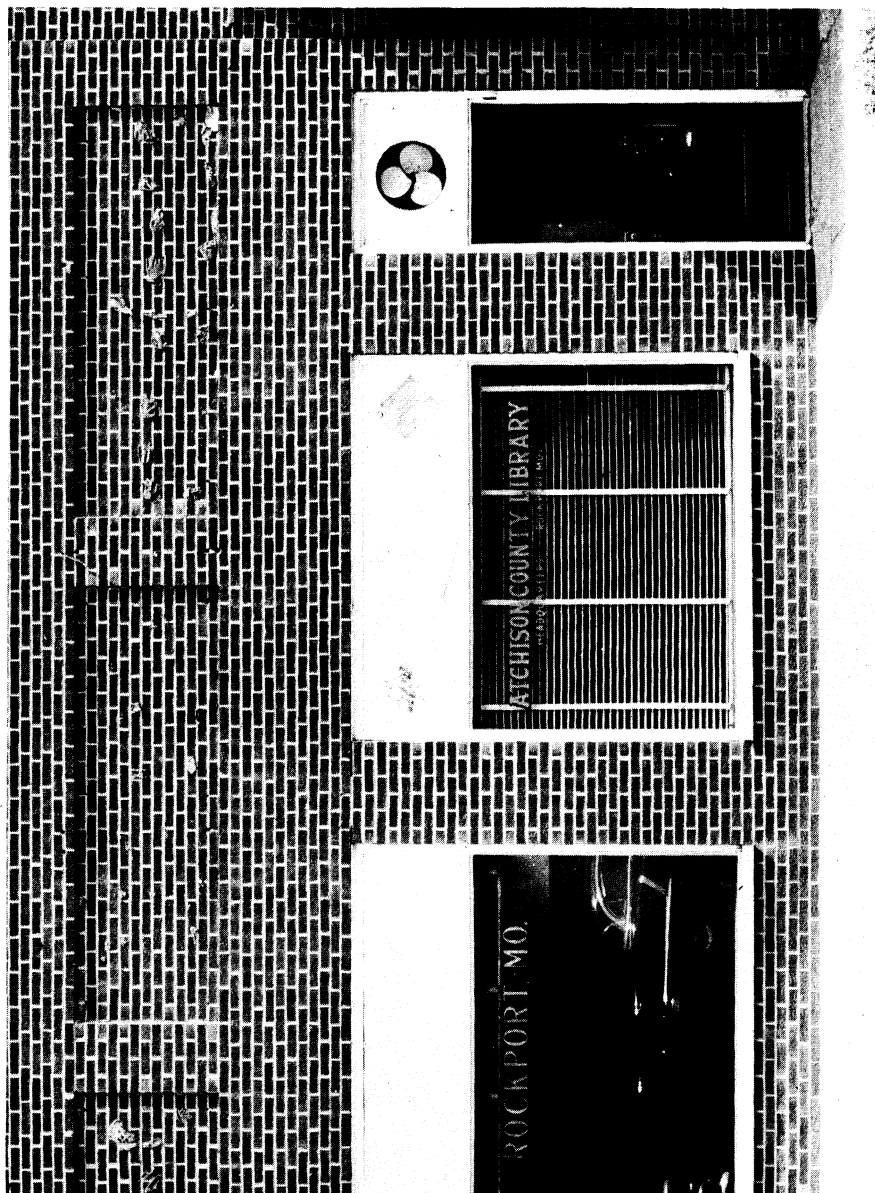

Current River Regional Library—Van Buren headquarters.

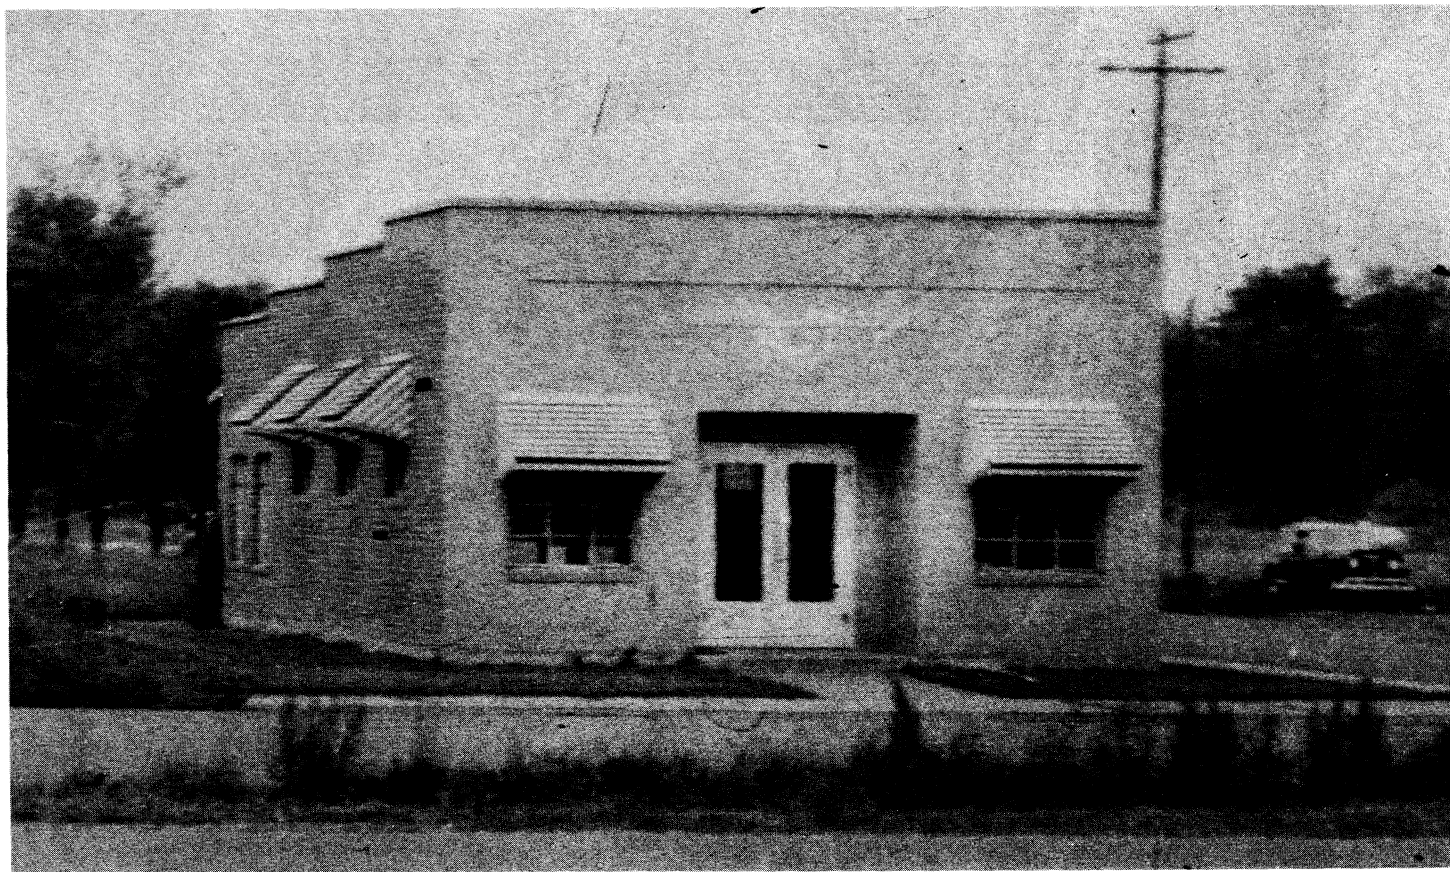

Ozark Regional Library—Ironton headquarters. (Right-hand part of building.)

Southwest Regional Library—Bolivar headquarters.

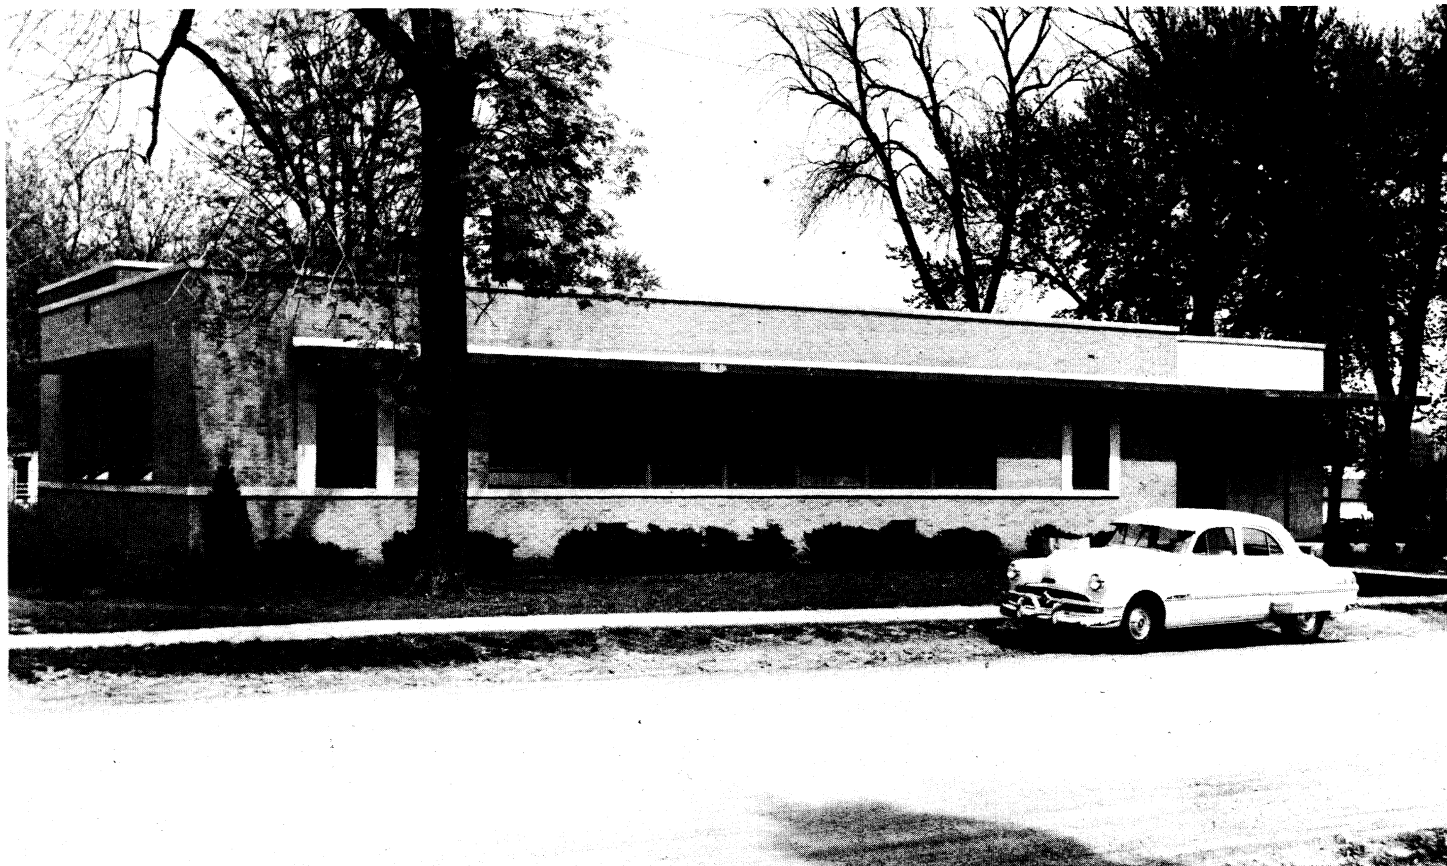

Atchison County Library, Rock Port.

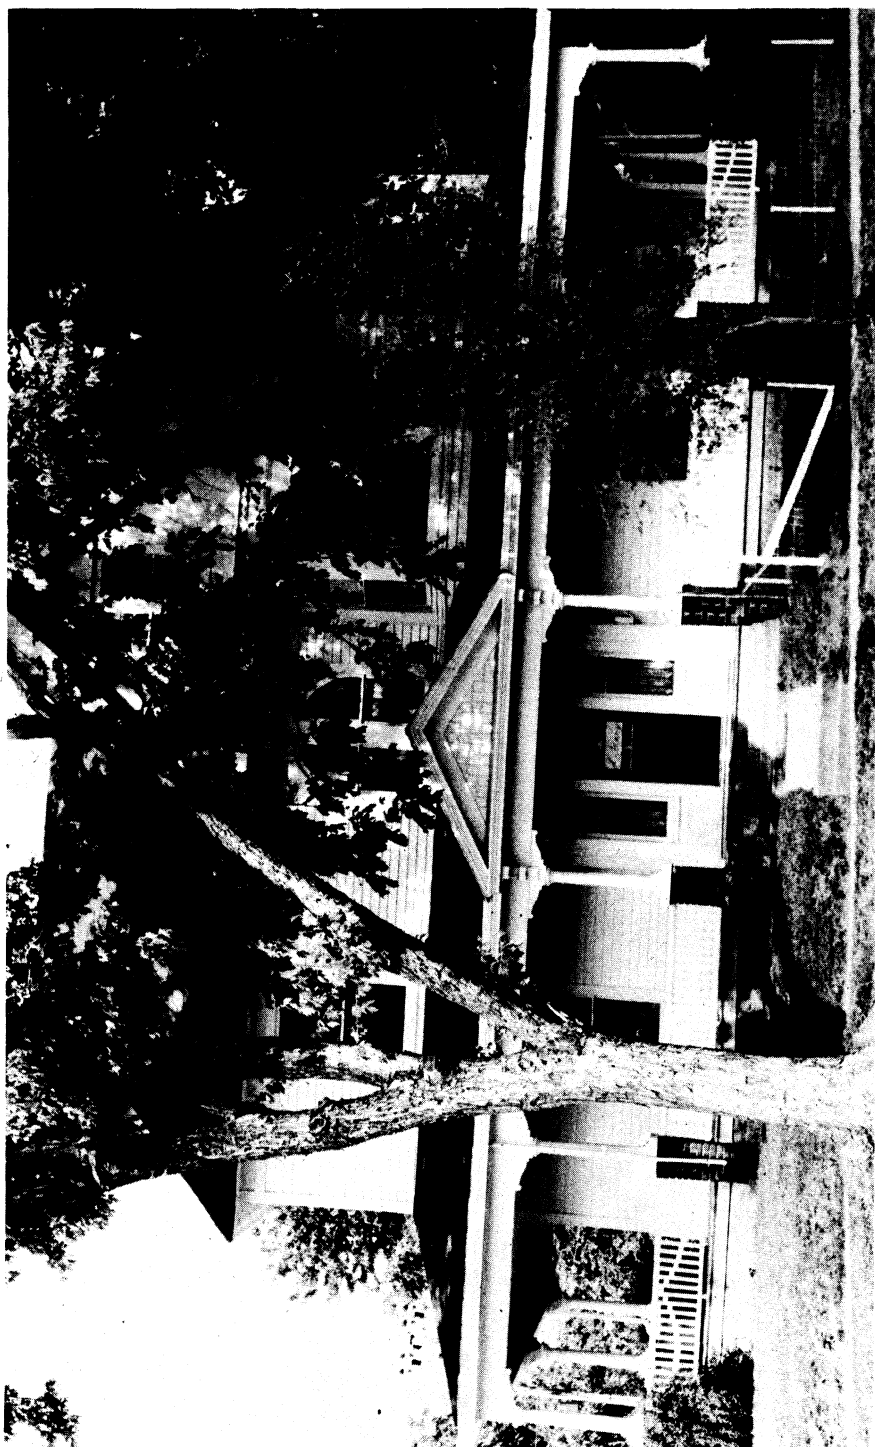

Bollinger County Library, Marble Hill.

Cass County Library, Harrisonville.

Clark County and H. E. Sever Memorial Library, Kahoka.

Daviess County Library, Gallatin.

Dunklin County Library, Kennett.

Greene County Library, Springfield.

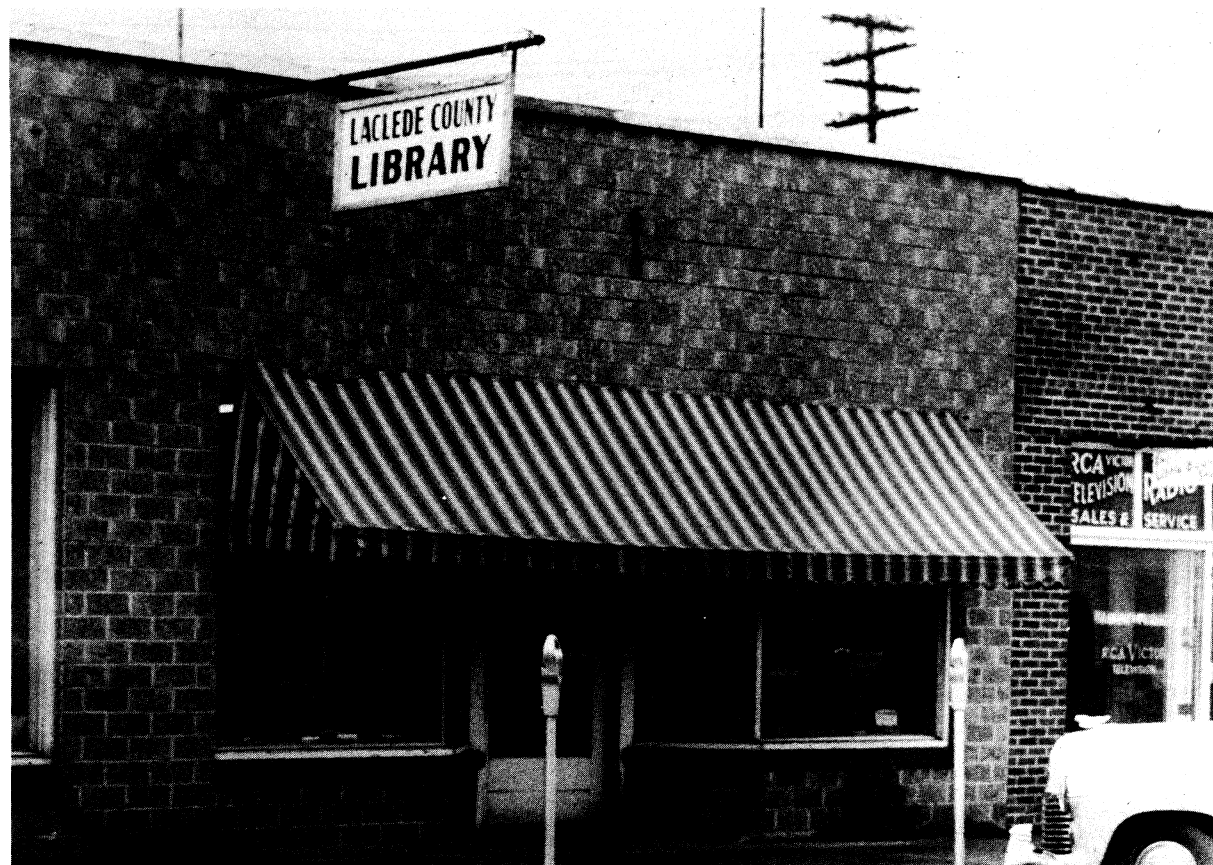

Henry County Library, Clinton.

Jackson County Library, Independence.

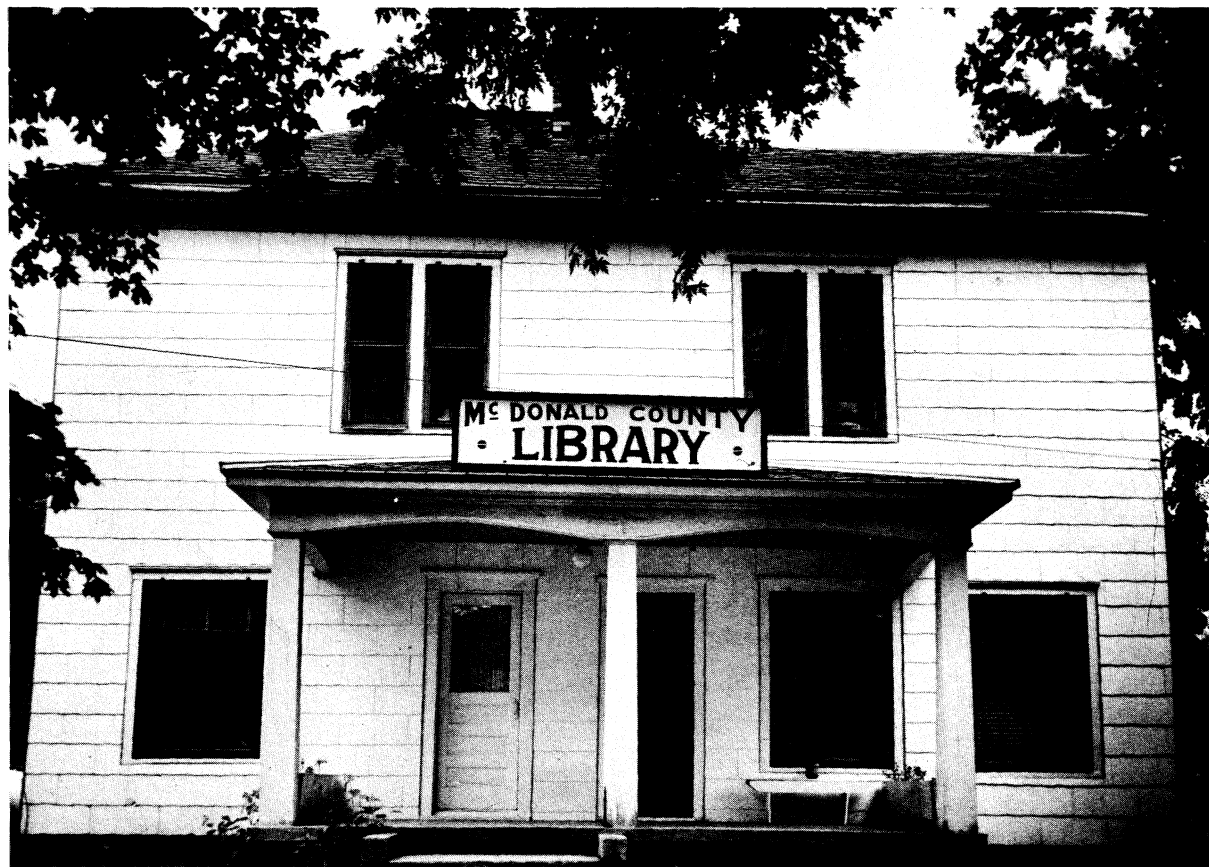

Jefferson City and Cole County Libraries, Jefferson City.

Laclede County Library, Lebanon.

Livingston County Memorial Library, Chillicothe.

McDonald County Library, Pineville.

Mercer County Library, Princeton.

Mexico-Audrain County Library, Mexico.

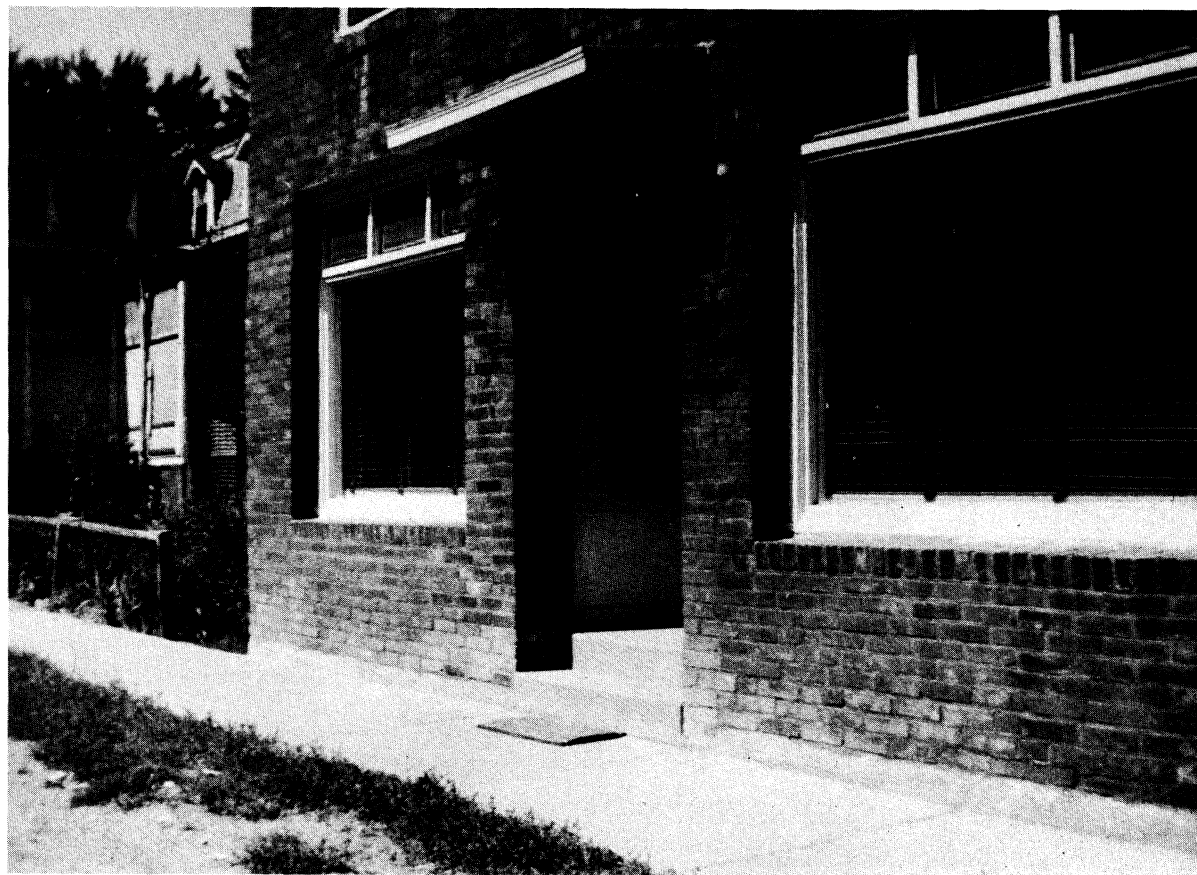

Mississippi County Library, Charleston.

New Madrid County Library, Portageville.

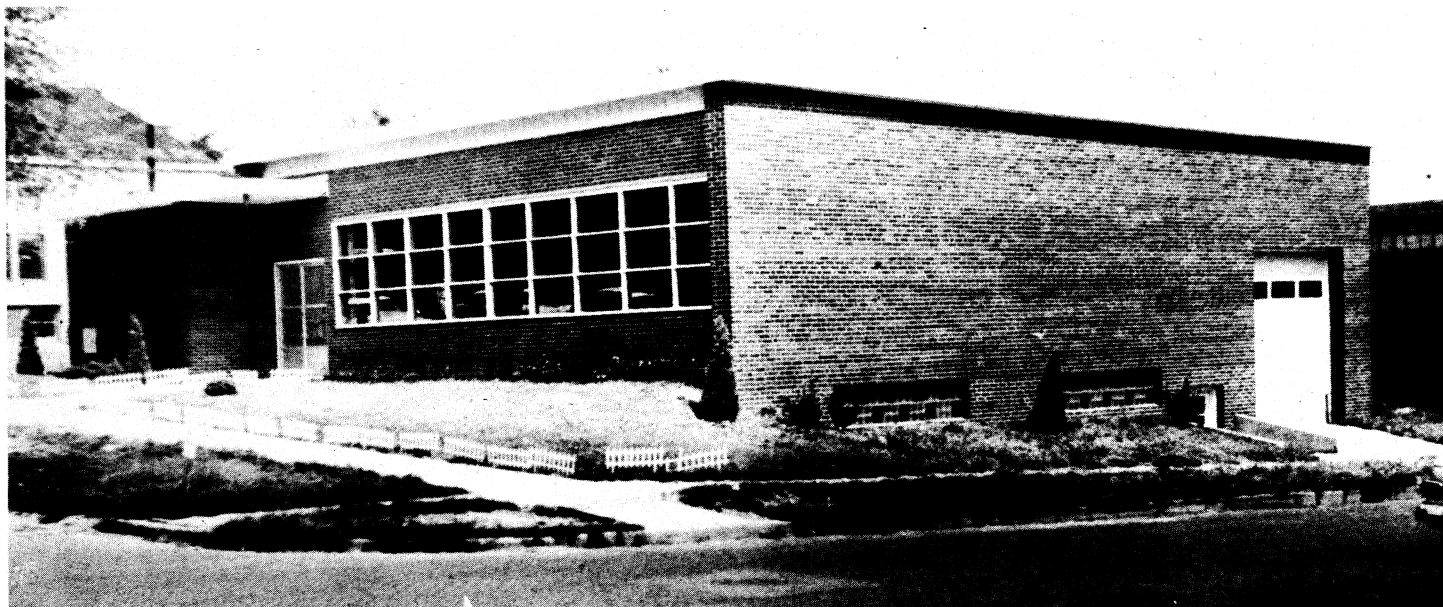

Newton County Library, Neosho. (In Public Health Center.)

Platte County Library, Platte City.

Putnam County Library, Unionville.

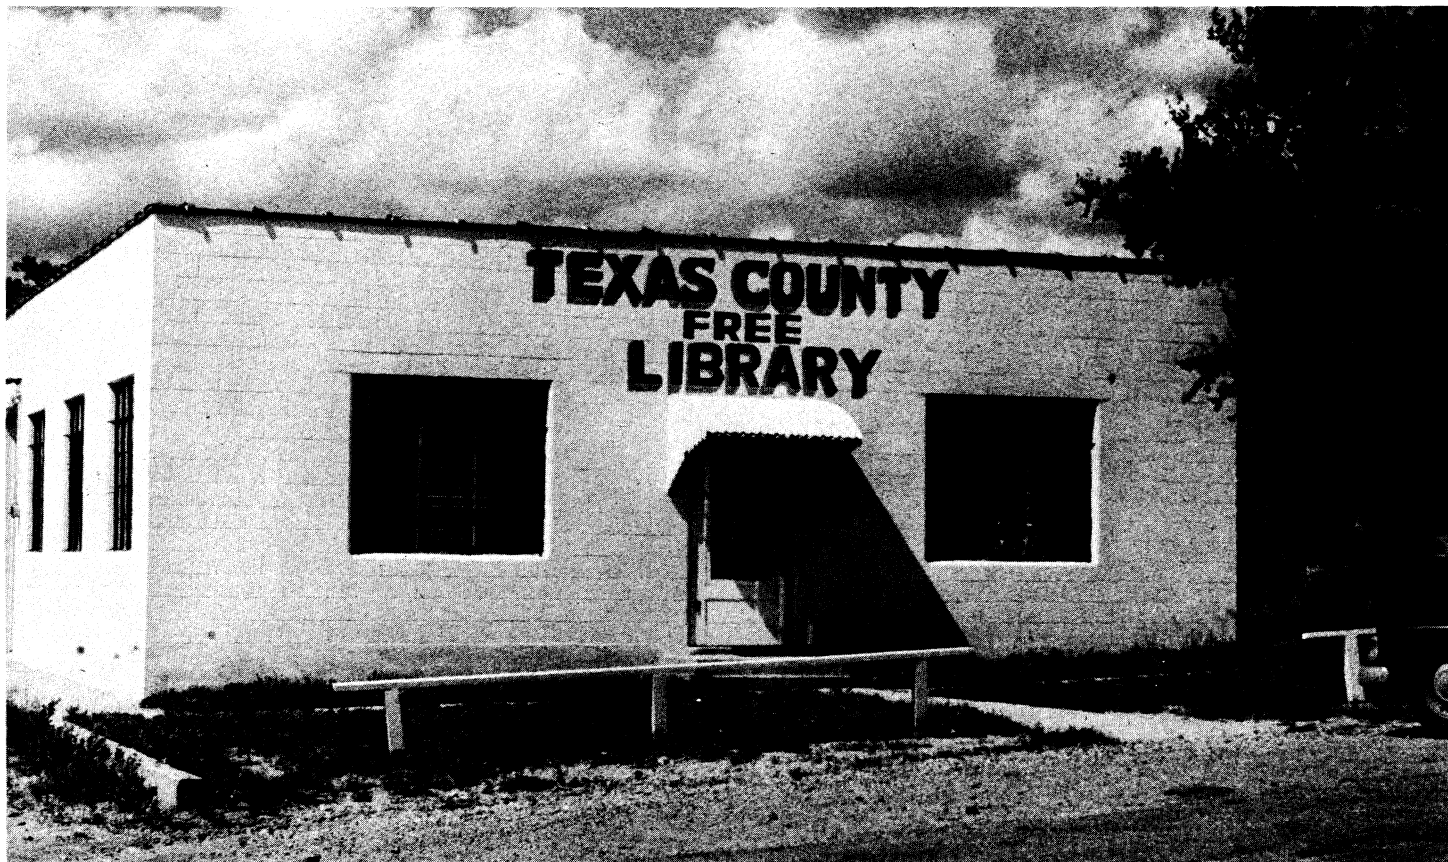

Ray County Library, Richmond.

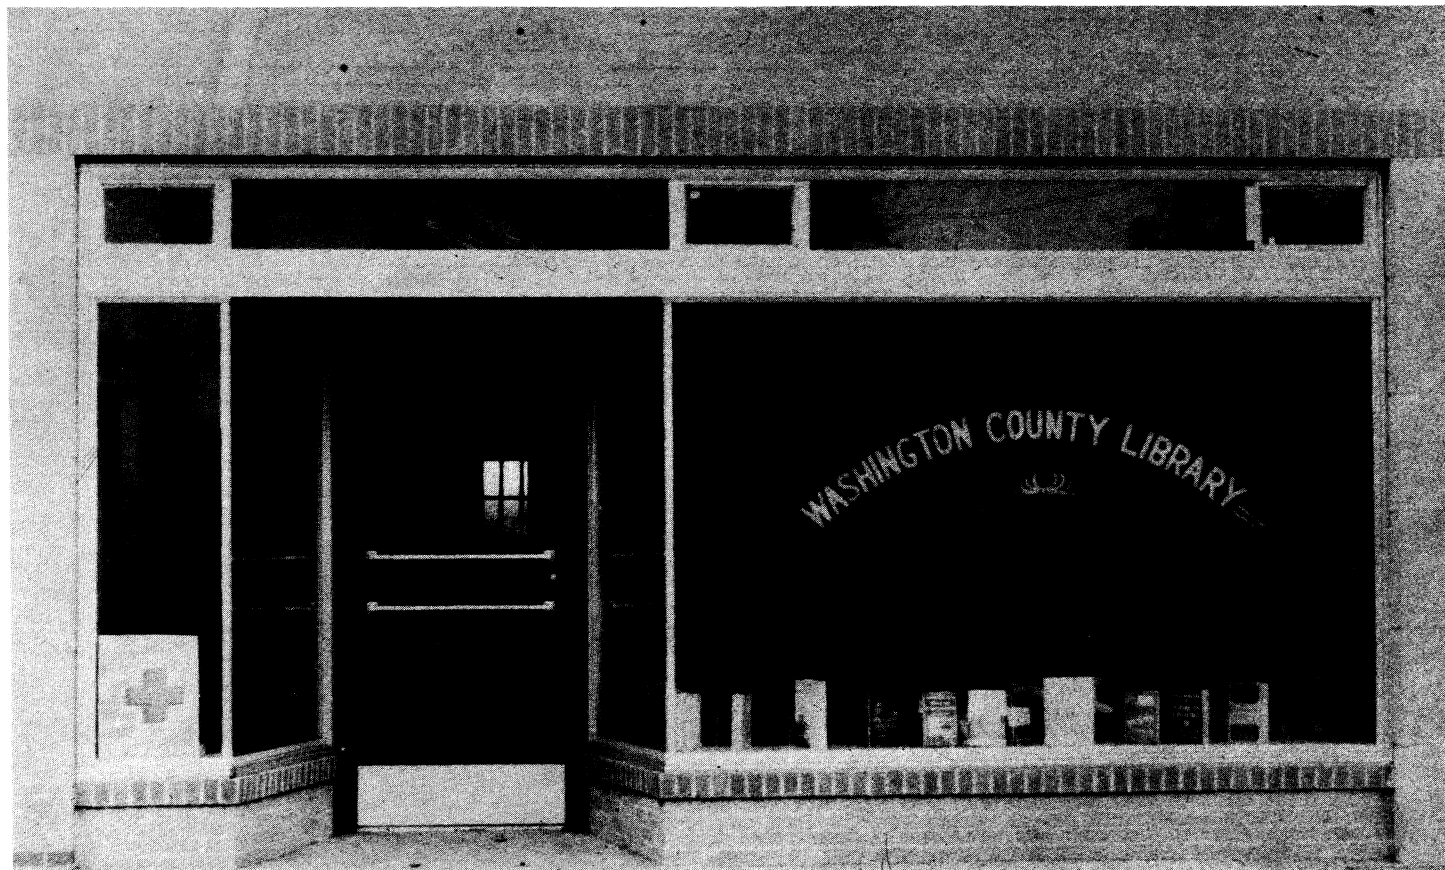

St. Clair County Library, Osceola. (First floor, Court House.)

St. Louis County Library, Normandy.

Texas County Library, Houston.

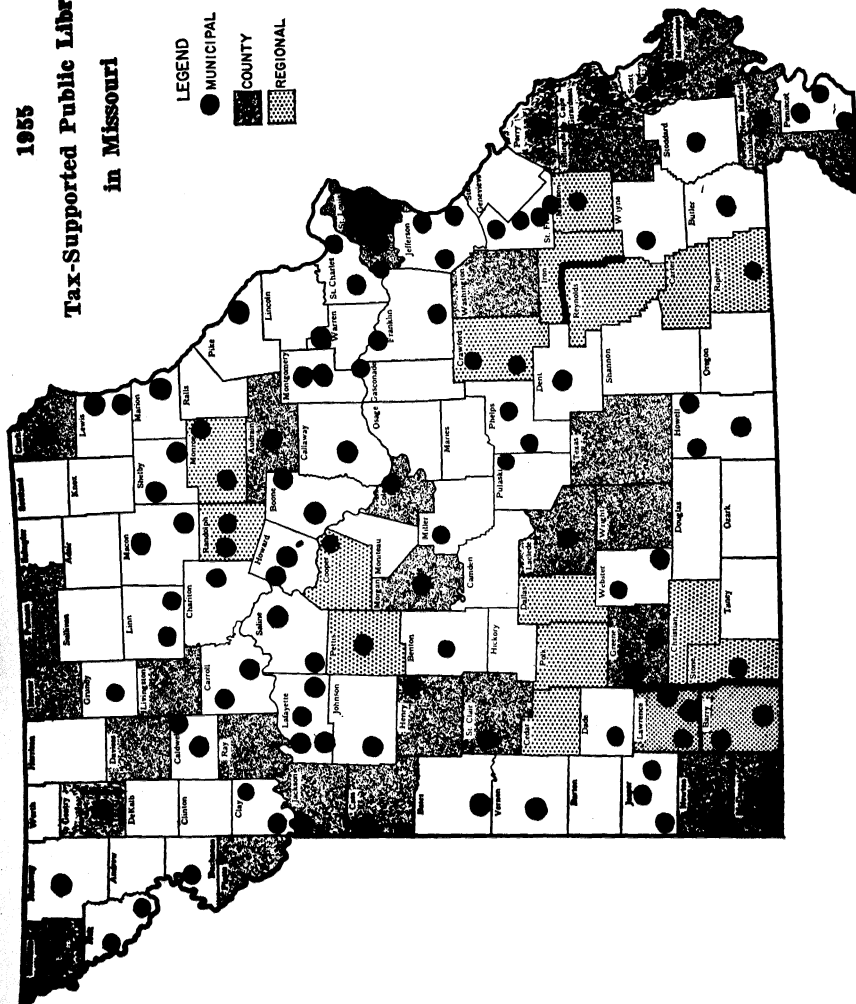

Washington County Library, Potosi.
